

# *Wheat Weaving Workshop*

*Spring Mill State Park*

*Thursday, January 24*

*Spring Mill Inn, Oak Room; 10:30am to 2:00pm*

*Wheat weaving is a traditional craft that became popular during the 1800s, although its origins are much older. Traditionally, the last sheaf of grain harvested from the fields was woven into a decorative design.*

*The earliest weavings represented fertility and were returned to the field the following spring to ensure a bountiful harvest. As time passed, designs became more varied and expanded into symbols of love, prosperity, and protection.*

*During this workshop, you'll learn the basics of this traditional craft and create three different wheat weavings - two simple designs and one design that's a little more complex.*

*Cost is \$15/person and includes a buffet lunch in the Millstone Dining Room; limited to 20 participants.*

*Pre-registration is required to the Spring Mill Inn  
(812-849-4081) by Sunday, January 20!*
